# Highlights - Year to 30 June 2020

- 1,328 Emergency Patient Retrievals, 11% above last year\*
- Purchase of further medical equipment, including a Corpuls CPR machine enabling CPR to be automated during flight; upgraded stretcher bridges for carrying vital medical equipment; and purchase of new trauma / resus kits.
- Contract between MOH and ACC confirmed for years two to four from 1 November 2019.
- Arrival of new state-of-the-art Airbus H145 providing the latest avionics and more space for the vital life-saving work that the paramedics and crew deliver.
- Preparation for transport of COVID-19 cases.
- Ongoing support from local communities with fundraising events across the region prior to COVID-19 curtailing some of these.
- \* Includes all operations across lower South Island.

# Further growth in Rescue Missions

The rate of growth the number of missions continued to trend upwards with the highest ever number of rescues being recorded during the year. 1,328 patients were rescued involving 2,275 helicopter hours flown by HeliOtago. This compares with the previous year of 1,200 emergency patient missions and 1,997 hours flown.

The increased number of dedicated machines and the dedicated crews of highly trained intensive care paramedics enabled HeliOtago to respond very promptly day and night during the busiest year in the history of the service.

Since balance date, HeliOtago has purchased its own hangar in Queenstown, further strengthening the service across the region.

# Upgrade in medical equipment

Trust funding of \$58,192 (\$30,000 of which was accrued in previous year) has contributed to the replacement and upgrade of equipment in the helicopters, including new stretcher bridges and replacement resus / trauma kits. In addition, a Corpuls CPR machine was purchased. This enables CPR to be automated during flight reducing the challenges of paramedics maintaining CPR over a long period with limited space available.

As always, equipment is purchased on the recommendation and with the overview of the Trust's senior medical advisor,

Dr Mike Hunter.

# Ministry of Health (MOH)/ ACC Contract reliant on Community Donations

From 1 November 2018, the MOH / ACC contract to provide rescue helicopter services across the entire South Island has been held by HEMS New Zealand, a partnership between HeliOtago and GCH Aviation in Christchurch. Under the contract, HeliOtago continues to deliver its impressive service in the lower South, incorporating the Queenstown Lakes area that is also supported by the Lakes District Air Rescue Trust. The increased specifications in terms of numbers of helicopters and dedicated crews has provided an enhanced service in the lower South.

During the year the contract between MOH / ACC and HEMS New Zealand has been confirmed until 31/10/22 with a further year at NASO (National Ambulance Sector Office) discretion, providing the community with certainty of an ongoing, highly professional and capable rescue service.

The contract was awarded based on ongoing committed community donations and delivery of that part of the contract is the focus of the Trust.

# **Donations and Bequests**

The Trust received generous community donations totalling \$819,060. This includes a further generous donation from the Otago Motor Club Trust of \$25,500 for the purchase of the Corpuls CPR Machine.

The Trust records its sincere thanks to the Otago Regional Council for its ongoing annual donation of \$350,000.

The Trust also records gratitude to the communities across the region for their efforts in running fundraising events and projects to support the service.

The enthusiasm for these events reflects the benefits received from the ongoing increased use of the rescue helicopter service.

In addition, the Trust is grateful to receive many generous individual donations.

We are most grateful for the generosity of our community in providing the required support to enable the service to respond to often desperate emergency situations in this area.

# **Operational Performance**

During the year, the Trust donated operational income to the operator of the rescue helicopter service, HeliOtago, meeting the committed donation of \$500,000 per annum as well as the best endeavours donation of a further \$100,000. In addition, a further donation of \$33,333 was recorded reflecting a portion of the additional \$100,000 that was provided in the first year of the new contract with MOH / ACC.

Donation income exceeded these contributions providing an end of year operating surplus of \$211,520 that is held in reserves.

# Challenges for the future - COVID-19

The demands of the emergency rescue helicopter service are uniquely challenging. Otago's rescue helicopters serve one of the larger, more remote and mountainous regions in the country.

There is expected to be ongoing growth in demand for the vital rescue helicopter operations across our large and geographically challenging area.

Added to the challenges, are the new uncertainties posed by the COVID-19 pandemic. The Trust is grateful to continue to work with Mr Graeme Gale and HeliOtago and, true to form, they were well prepared for transporting COVID-19 patients, as well as protecting crew to ensure the continuation of the service in even more challenging circumstances.

The COVID-19 crisis also leads to economic uncertainties and the Trust recognises that some community events have had to be cancelled during 2020. We are grateful to Westpac Bank for providing some direct support of its annual collection and to the other organisations and individuals who have assisted during this challenging year. We are hopeful that most fundraising events can get up and running again for 2021.

# **Changes in Trustees**

During the year Mr Paul Moodie retired from his role of Trustee. Since his appointment in 2003 Paul provided expert financial advice and governance oversight to the Trust.

His passion and enthusiasm for the important work that the rescue helicopter service provides was evident over the many years that he volunteered his time.

Mr Stephen Woodhead, former Chair of the Otago Regional Council, was appointed a Trustee in November 2019. Stephen brings a wealth of knowledge of community organisations and of the public sector to the Trust and we thank him for accepting the appointment to this voluntary role.

# Community Appreciation and Thanks

The rescue helicopter service is on standby 24 hours a day, every day of the year. HeliOtago's pilots, highly trained intensive care paramedics, and its management all work together to respond to every emergency request often flying in challenging weather conditions and across difficult terrain to bring advanced medical capability and hospital transfers to those in need.

The Trust was delighted to congratulate Mr Graeme Gale and Mrs Rosslyn Gale, Directors of HeliOtago, on them each being appointed Officers of the New Zealand Order of Merit in the 2020 New Year Honours. The Trust has the utmost respect for Graeme and Ros and for their dedication to leading an amazing team that ensures the rescue helicopter service is available to provide much need help in often desperate situations.

On behalf of Trustees

Martin Dippie
Chairman of Trustees

#### NOTE

During the 2018 year the Trust ceased its rescue operations upon termination of the MOH/ACC contract with the effect from 31 March 2018.

From 1 November 2018 the Trust has financially supported the service operator under the new funding model and assisted with additional funding. These costs are shown in the Donations to Rescue Helicopter Operator (Note 7). During the 2018 year the remaining assets that were held by the Trust at the conclusion of the contract (\$147,714) have been transferred to the service operator.

Notes to the consolidated financial statements for the year ended 30 June 2020

#### 1 Reporting entity

These financial statements comprise the consolidated financial statements of Otago Rescue Helicopter Trust (the "Trust") for the year ended 30 June 2020.

The Trust is a charitable trust, domiciled in New Zealand, incorporated in accordance with the provisions of the Charitable Trusts Act 1957.

The consolidated group comprises the Trust (the "Parent") and its controlled subsidiary, ORHT Limited (previously Otago Rescue Helicopter Trust Limited).

The Trust supports the provision of an emergency rescue helicopter service in the greater Otago region.

The consolidated financial statements were authorised for issue by the Trustees on the date signed on page 3.

#### 2 Basis of preparation

#### (a) Statement of compliance

The financial statements have been prepared in accordance with Tier 2 Public Benefit Entity (PBE) Financial Reporting Standards as issued by the New Zealand External Reporting Board (XRB). They comply with New Zealand equivalents to International Public Sector Accounting Standards Reduced Disclosure Regime (NZ IPSAS with RDR) and other applicable Financial Reporting Standards as appropriate to Public Benefit Entities.

The Parent and Group is eligible to report in accordance with Tier 2 PBE Accounting Standards on the basis that is does not have public accountability and annual expenditure does not exceed \$30 million.

The Parent and Group is deemed a public benefit entity for financial reporting purposes, as its primary objective is to provide services to the community for social benefit and has been established with a view to supporting that primary objective rather than a financial return

#### (b) Basis of measurement

The financial statements have been prepared on a historical costs basis, except for assets and liabilities that have been measured at fair value.

The accrual basis of accounting has been used unless otherwise stated and the financial statements have been prepared on a going concern basis.

#### (c) Presentation currency

The financial statements are presented in New Zealand dollars, which is the Trust's functional currency.

#### (d) Comparatives

The comparative financial period is 12 months.

The net asset position and net surplus or deficit reported in comparatives is consistent with previously authorised financial statements.

#### (e) Changes in accounting policies

There have been no significant changes in accounting policies.

#### 3 Summary of significant accounting policies

The accounting policies of the Trust been applied consistently to all years presented in these financial statements.

The significant accounting policies used in the preparation of these financial statements are summarised below:

#### (a) Basis of consolidation

The Group financial statements consolidate the financial statements of the Parent and all entities over which the Parent has the power to govern the financial and operating policies so as to obtain benefits from their activities (defined as "subsidiaries").

Controlled entities are those entities over which the Trust has the power to govern the financial and operating activities so as to obtain benefits from their activities.

The financial statements of the subsidiary are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The subsidiary has a 30 June balance date and consistent accounting policies are applied.

The consolidation of the Parent and subsidiary involves adding together like terms of assets, liabilities, income and expenses on a line-by-line basis. All significant intra-group balances are eliminated on consolidation of Group financial position, performance and cash flows.

Notes to the consolidated financial statements for the year ended 30 June 2020

#### (b) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks and other short-term highly liquid investments with original maturities of three months or less.

#### (c) Debtors and other receivables

Trade debtors and other receivables are measured at their cost less any impairment losses.

An allowance for impairment is established where there is objective evidence the Group will not be able to collect all amounts due according to the original terms of the receivable.

#### (d) Creditors and other payables

Trade creditors and other payables are stated at cost.

#### (e) Plant and equipment

Items of plant and equipment are measured at cost, less accumulated depreciation and any impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset.

#### Additions and subsequent costs

Subsequent costs and the cost replacing part of an item of plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits or service potential will flow to the Trust and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

In most instances, an item of plant and equipment is recognised at its cost. Where an asset is acquired at no cost, or for a nominal cost, it is recognised at fair value at the acquisition date.

All repairs and maintenance expenditure is charged to surplus or deficit in the year in which the expense is incurred.

#### Disposals

A item of plant and equipment is derecognised upon disposal or when no further future economic benefits or service potential are expected from its use or disposal.

When an item of plant or equipment is disposed of, the gain or loss recognised in the surplus or deficit is calculated as the difference between the net sale proceeds and the carrying amount of the asset.

Upon disposal, any revaluation reserve relating to the particular asset being sold is reclassified to accumulated funds.

#### Depreciation

Depreciation is recognised as an expense in the reported surplus or deficit and measured on a straight line basis (SL) or diminishing value (DV) basis on all plant and equipment over the estimated useful life of the asset. The following depreciation rates have been applied at each class of plant and equipment:

Medical and Rescue equipment 11.4-80% DV Motor Vehicles 13-36% DV

The residual value, useful life, and depreciation methods of plant and equipment is reassessed annually.

#### (f) Impairment

At each reporting date, the Trust assesses whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Trust estimates the asset's recoverable amount. Recoverable amount is determined for an individual asset. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use.

Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised immediately in surplus or deficit.

#### (g) Intangible assets

Intangible assets acquired separately are initially recognized at cost.

The cost of intangible assets acquired in a non exchange transaction is their fair value at the date of the exchange.

Notes to the consolidated financial statements for the year ended 30 June 2020

#### Intangible assets with indefinite useful lives

Intangible assets with indefinite useful lives are measured at cost less accumulated impairment losses; impairment testing is performed on an annual basis.

#### Intangible assets with finite useful lives

Intangible assets acquired by the entity, which have finite useful lives, are measured at cost less accumulated amortisation and any impairment losses.

Amortisation is recognised on a straight–line basis over the estimated useful life of the asset, from the date they are available for use and expensed in the reported in surplus or deficit for the year.

#### (h) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument in another entity.

Financial instruments are comprised of trade debtors and other receivables, cash and cash equivalents, trade creditors and other payables and borrowings.

#### Initial recognition and measurement

Financial assets and financial liabilities are recognised initially at fair value plus transaction costs attributable to the acquisition, except for those carried at fair value through surplus or deficit, which are measured at fair value.

Financial assets and financial liabilities are recognised when the reporting entity becomes a party to the contractual provisions of the financial instrument.

#### **Derecognition of financial instruments**

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or if the Parent or Group transfers the financial asset to another party without retaining control or substantially all risks and rewards of the asset.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

#### Subsequent measurement of financial assets

The subsequent measurement of financial assets depends on their classification, which is primarily determined by the purpose for which the financial assets were acquired. Management determines the classification of financial assets at initial recognition and re-evaluates this designation at each reporting date.

All financial assets held by the Trust in the years reported have been designated into one classification, "loans and receivables", being non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial recognition these are measured at amortised cost using the effective interest method, less provision for impairment.

#### Subsequent measurement of financial liabilities

Trade payables and other borrowings are subsequently measured at amortised cost using the effective interest method.

#### (i) Provisions

A provision is recognised for a liability when the settlement amount or timing is uncertain; when there is a present legal or constructive obligation as a result of a past event; it is probable that expenditures will be required to settle the obligation; and a reliable estimate of the potential settlement can be made. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values where the time value of money is material. The increase in the provision due to the passage of time is recognised as an interest expense.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

#### (j) Employee entitlements

#### Short- term employee benefits

Employee benefits, previously earned from past services, that the Trust expect to be settled within 12 months of reporting date are measured based on accrued entitlements at current rate of pays.

These include salaries and wages accrued up to the reporting date and annual leave earned, but not yet taken at the reporting date.

Notes to the consolidated financial statements for the year ended 30 June 2020

#### (k) Revenue

Revenue is recognised to the extent that it is probable that the economic benefit will flow to the Trust and revenue can be reliably measured. Revenue is measured at the fair value of consideration received.

The Trust assess its revenue arrangements against specific criteria to determine if it is acting as the principal or agent in a revenue transaction. In an agency relationship only the portion of revenue earned on the Trust's own account is recognised as gross revenue in the Statement of Comprehensive Revenue and Expense.

The following specific recognition criteria must be met before revenue is recognised:

#### Revenue from non-exchange transactions

A non-exchange transaction is where the Trust either receives value from another entity without directly giving approximately equal value in exchange, or gives value to another entity without directly receiving approximately equal value in exchange.

When non-exchange revenue is received with conditions attached, the asset is recognised with a matching liability. As the conditions are satisfied the liability is decreased and revenue recognised.

When non-exchange revenue is received with restrictions attached, but there is no requirement to return the asset if not deployed as specified, then revenue is recognised on receipt.

Condition stipulation - funds received are required to be used for a specific purpose, with a requirement to return unused funds.

Restriction stipulation – funds received are required to be used for a specific purpose, with no requirement to return unused funds.

#### **Donations and grants**

Donations and grant income is recognised as revenue when received and all associated obligations have been met. Where grants have been given for a specific purpose, or with conditions attached, income is not recognised until agreed upon services and conditions have been satisfied. Government grants relating to income are recognised as income over the periods necessary to match them with the related services when performed. Grants received for which the requirements and services have not been met is treated as "income in advance" under current liabilities.

To the extent that there is a condition attached that would give rise to a liability to repay the grant amount or to return the granted asset, a deferred revenue liability is recognised instead of revenue. Revenue is then recognised only once the Trust has satisfied these conditions.

#### Rendering of services

Revenue from services rendered is recognised in the surplus or deficit in proportion to the stage of completion of the transaction at the reporting date. The stage of completion is assessed by reference to assessment of services provided. Under this method, revenue is recognised in the accounting periods in which the services are provided.

#### Interest income

Interest income is recognised as it accrues.

#### (I) Borrowing costs

All borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. The Trust has chosen not to capitalise borrowing costs directly attributable to the acquisition, construction or production of assets.

#### (m) Income tax

Due to its charitable status, the Trust is exempt from income tax.

#### (n) Goods and Services Tax (GST)

All amounts in these financial statements are shown exclusive of GST, except for receivables and payables that are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the Inland Revenue Department (IRD) is included as part of receivables or payables in the Statement of Financial Position.

#### (o) New standards adopted and interpretations not yet adopted

All mandatory new or amended accounting standards and interpretations were adopted in the current year. Refer above for the effect of first time adoption of PBE standards (NFP) last year.

Notes to the consolidated financial statements for the year ended 30 June 2020

#### 4 Significant accounting judgements, estimates and assumptions

The preparation of financial statements in conformity with NZ IPSAS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Where material, information on significant judgements, estimates and assumptions is provided in the relevant accounting policy or provided in the relevant note disclosure.

The estimates and underlying assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances. Estimates are subject to ongoing review and actual results may differ from these estimates. Revisions to accounting estimates are recognised in the year in which the estimate is revised and in future years affected.

#### 5 Capital Management Policy

The Trust's capital is its equity, being the net assets represented by retained earnings and other equity reserves. The primary objectives of the Trust's capital management policy is to ensure adequate capital reserves are maintained in order to support its activities. The Trust manages its capital structure and makes adjustment to it, in light of changes to funding requirements. To maintain or adjust the capital structure, budgetary discretionary expenditure is reduced to avoid the need for additional external borrowings.

#### 7 Expenses

|  | 2020<br>\$ | 2019<br>\$ |
|--|------------|------------|
| Donations to Rescue Helicopter Operator  |            |            |
| Donation to HeliOtago EMS Limited - operational                                      | 600,000    | 400,000    |
| Donation to HeliOtago EMS Limited - additional costs towards expanded service Year 1 | 33,333     | 66,667     |
| Donation to HeliOtago EMS Limited - capital projects                                 | 28,193     | 342,391    |
| Donation to Helicopters Otago Limited - fixed assets                                 | -          | 147,714    |
| Total  | 661,526    | 956,772    |

From 1 November 2018 the Trust has financially supported the service operator under the new funding model and assisted with additional funding in the first year of the new model. These costs are shown in the Donations to Rescue Helicopter Operator. During the 2019 year the remaining assets that were held by the Trust at the conclusion of the contract (\$147,714) have been transferred to the service operator.

|   | 2020   | 2019    |
|---|--------|---------|
|   | \$     | \$      |
| Other Overhead and Administration Expenses        |        |         |
| Audit fees  | 5,000  | 7,150   |
| Accountancy & administration                      | 14,537 | 26,147  |
| Legal fees  | 350    | 2,284   |
| Loss on disposal of property, plant and equipment | -      | 2,063   |
| Trust board expenses                              | 1,500  | 16,939  |
| Manager/Secretary fees                            | 15,000 | -       |
| Other   | 9,992  | 52,389  |
| Net foreign exchange losses                       | -      | -       |
| Total   | 46,379 | 106,972 |

#### 8 Depreciation, amortisation and impairment expenses

|   | 2020 | 2019   |
|---|------|--------|
|   | \$   | \$     |
| Depreciation of property, plant and equipment | -    | 30,411 |
| Total   | -    | 30,411 |

| Cash and cash equivalents       |         |         |
|---------------------------------|---------|---------|
|                                 | 2020    | 2019    |
|                                 | 4       | \$      |
| ANZ Cheque Account              | 35,902  | 35,946  |
| ANZ Call Account 25             | 181,039 | 471,292 |
| ANZ Call Account 26             | 28,644  | 28,627  |
| ANZ NPO Current Account         | 7,465   | 22,533  |
| Westpac Account                 | 100,811 | 4,011   |
| Paypal Account                  | 9,519   | 1,525   |
| Total cash and cash equivalents | 363,380 | 563,934 |

The carrying amount of cash and cash equivalents approximates their fair value.

Notes to the consolidated financial statements for the year ended 30 June 2020

| Receivables        |        |        |
|--------------------|--------|--------|
|                    | 2020   | 2019   |
|                    | \$     | \$     |
| Trade debtors      | -      | -      |
| Accrued interest   | 24,931 | 28,841 |
| Total              | 24,931 | 28,842 |
| Classified as:     |        |        |
| Current assets     | 24,931 | 28,842 |
| Non-current assets | -      | -      |
| Total              | 24,931 | 28,842 |

Trade debtors and other receivables are non-interest bearing and receipt is normally on 30 days terms. Therefore the carrying value of trade debtors and other receivables approximates its fair value.

As at 30 June 2019 and 2020, all overdue receivables have been assessed for impairment and appropriate allowances made. All receivables are subject to credit risk exposure.

#### Impairment allowance

The movement in the allowance for doubtful debts is as follows:

|  | 2020 | 2019 |
|--|------|------|
|  | \$   | \$   |
| Opening balance                          | -    | -    |
| Amounts written off                      | -    | -    |
| Impairment losses recognised in the year | -    | -    |
| Impairment losses reversed in the year   | -    | -    |
| Closing balance                          | -    | -    |

| Payables under exchange transactions       |         |         |
|--|---------|---------|
| •  | 2020    | 2019    |
|  | \$      | \$      |
| Current                                    |         |         |
| Trade creditors                            | 32,741  | 154,428 |
| Non trade payables and accrued expenses    | 6,000   | 6,000   |
| GST payable/(receivable)                   | (1,554) | (7,510) |
| Related party payables                     | -       | 1,271   |
| Total current                              | 37,189  | 154,189 |
| Total payables under exchange transactions | 37,189  | 154,189 |

Trade creditors and other payables are non-interest bearing and normally settled on 30 day terms; therefore their carrying amount approximates their fair value.

Notes to the consolidated financial statements for the year ended 30 June 2020

#### 12 Plant and equipment

Movements for each class of plant and equipment are as follows:

Notes to the consolidated financial statements for the year ended 30 June 2020

#### 14 Financial instruments

#### (a) Carrying value of financial instruments

The carrying value of all material financial position assets and liabilities are considered to be equivalent to fair value.

Fair value is the amount for which an item could be exchanged, or a liability settled, between knowledgeable and willing parties in an arm's length transaction.

#### (b) Classification of financial instruments

All financial assets held by the Trust are classified as "loans and receivables" and are carried at cost less accumulated impairment losses. All financial liabilities are carried as amortised cost using the effective interest rate method.

#### Classification of financial instruments

The carrying amounts presented in the statement of financial position relate to the following categories of financial assets and liabilities.

| 2020                        | Financial assets at fair value through surplus or deficit | Loans and receivables | Liabilities at<br>amortised<br>cost | Total carrying<br>amount | Fair value |
|-----------------------------|---|-----------------------|-------------------------------------|--------------------------|------------|
| Financial assets            |   |                       |                                     |                          |            |
| Other receivables           | -   | -                     | -                                   | -                        | -          |
| Other investments           | -   | -                     | -                                   | -                        | -          |

Notes to the consolidated financial statements for the year ended 30 June 2020

#### 15 Related party transactions

Related party transactions arise when an entity or person(s) has the ability to significantly influence the financial and operating policies of the Trust.

The Trust has a related party relationship with its Trustees and other key management personnel.

Related party disclosures have not been made for transactions with related parties that are within a normal supplier relationship on terms and conditions no more or less favourable than those that it is reasonable to expect the Trust would have adopted in dealing with the party at arm's length in the same circumstances.

#### Transactions with related parties

The following transactions were carried out with related parties:

#### (a) Related party transactions

During the year Findex have provided accounting and secretarial support and advice to the Group, Mr Paul Moodie a Former Trustee of the Trust is a Principal of Findex. During the year Anderson Lloyd have provided legal support and advice to the Trust, Mr Warwick Deuchrass is a Trustee of the Trust and Former Partner of Anderson Lloyd.

#### (b) Key management compensation

The Trust has a related party relationship with its key management personnel. Key management personnel include the Chairman, trustees and senior management of the Trust. The only payment to Senior Management was to Vivienne Seaton - Manager/Secretary for the Trust.

#### Independent Auditor's Report

#### To the Trustees of Otago Rescue Helicopter Trust

#### Opinion

We have audited the financial statements of Otago Rescue Helicopter Trust (the 'entity') and its subsidiaries ('the group'), which comprise the consolidated statement of financial position as at 30 June 2020, and the consolidated statement of comprehensive revenue and expense, statement of changes in net assets and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements, on pages 2 to 16, present fairly, in all material respects, the consolidated financial position of the group as at date, and its consolidated financial performance and cash flows for the year then ended in accordance with Public Benefit Entity Standards Reduced Disclosure Regime.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing ('ISAs') and International Standards on Auditing (New Zealand) ('ISAs (NZ)'). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the group in accordance with Professional and Ethical Standard 1 (Revised) *Code of Ethics for Assurance Practitioners* issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants*, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Other than in our capacity as auditor, we have no relationship with or interests in the entity or any of its subsidiaries.

Trustee's responsibilities for the consolidated financial statements

The Trustees are responsible on behalf of the group for the preparation and fair presentation of the consolidated financial statements in accordance with Public Benefit Entity Standards Reduced Disclosure Regime, and for such internal control as the Trustees determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Trustees are responsible on behalf of the group for assessing the group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the group or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the consolidated financial statements Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and ISAs (NZ) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A further description of our responsibilities for the audit of the consolidated financial statements is located on at the External Reporting Board's website at:

https://www.xrb.govt.nz/standards-for-assurance-practitioners/auditors-responsibilities/audit-report-7

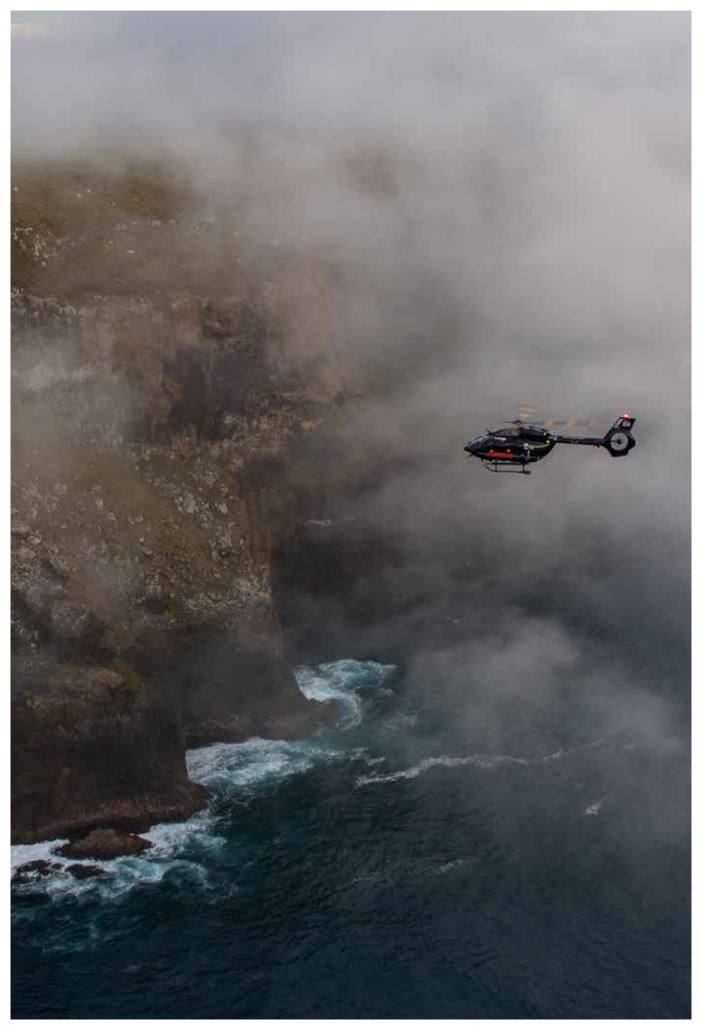

This description forms part of our auditor's report.

Restriction on use

This report is made solely to the Trustees, as a body. Our audit has been undertaken so that we might state to the Trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trustees as a body, for our audit work, for this report, or for the opinions we have formed.
